Continuation Sheet (PTOL-303) 09/456,150

Application No.

Continuation of 5. does NOT place the application in condition for allowance because: Applicant arguments regarding 112 rejections of claims 1-32 have been fully considered but they are not persuasive. The Applicant provided cited sections from the specification describing the amended limitation "optimized readability formatting values". The Examiner still believes that the specification does not provide support in specific the amended claim limitation "optimized readability formatting values"; however, the specification does provide proper support for original claim limitation "optimized formatting values" (on page 3, line 22 - page 4, line 3 in the specification). The Office believes that the Office Action mailed on 6/18/03 was fully responsive to applicant's amendment filed on 5/22/03, and maintains the rejections set forth in that Office Action.
